

## Wersi Major Parts

**Comet T** Case (Empty and store soiled)  
Legs for same (Brand new in carry bag)  
Keyboards assembly (2 49-note keyboards mounted in frame spinet style)  
Controls fascia panel  
13 note pedal board (Cased but no contacts) in carry bag  
“Metal rod” type music stand (in carry bag with pedal board)  
Satellite keyboard complete (May be demonstration keyboard)

### ***Not (necessarily) Comet T parts***

Pair 49-note keyboards (1 square 1 “birdmouth”)  
13 note pedalboard. Metal naturals (uncased but with contacts & PCB)  
Drawbar assemblies:      8-way  
   11-way (Qty 3)  
   12-way  
Wersimatic II fascia panel  
Loudspeaker covers 18” x 14” x24” high (Qty 2)  
Soft Guitar case 48” long 22” wide at base.

## Wersi Lesser Parts

### ***Populated PCB's***

SW8 (no caps to switches)  
US1 4-way                      US1 10-way  
SC14  
EF1 (Qty 5)  
ET12  
HP1  
FPb Fpa (Qty 9)

### ***Unpopulated PCBs***

PS2  
RP2  
VP7  
ZE2  
IS1 8-way                      7-way                      4-way (Qty-6)

## **Misc. hardware**

5-way PCB guides (Qty 16)  
Short lengths cable trunking (No lids Qty 2)  
Copper clad SRBP 4  $\frac{3}{4}$  x 2  $\frac{3}{4}$  (Qty 11) 5  $\frac{1}{4}$  x 12  $\frac{1}{2}$   
Assorted zinc and passivated metal panels all 1  $\frac{1}{2}$  wide (Qty 14)  
Interface plate type AP3  
Various small “Blanking off” plates.  
“Flashed opal” light covers  
Heatsinks (Qty 3 – may be part of PS2 kit below)  
Stop switch mechanisms (Qty 39)  
Tab style actuators (Qty 3)  
Rocker style actuators (Qty 2)  
I.C’s WIC 7052 (Qty 12)            WIC 6020  
Wersimatic CX1 Programming cassette  
Cable loom –manufacturer part No 5034-49 Type HC2  
Screened cable 15 pin “D”-Type M-F connectors aprox 4.2 metres long

## **Wersi Kits**

There is no promise of completeness or condition of these kits.

Box containing PCB HK12 (Qty 5) HK 13 and associated parts. Looks like  
“Customer returns”  
Box containing PCB G2 (Qty 8) and associated parts  
Box containing PCB PS8 (Assembled) and various oddments.  
Box containing PCB PS2 and some associated parts plus PCB IS1 (4 way) IS1  
5-way and various stop actuators.  
Box containing PCB PX2 and associated parts  
Box containing PCB ZE2 and associated parts Manual 484 in German
